Large Scale Collaborative Projects & Civil Disobedience

Ongoing -

Public Access: Distribution of keys needed to open outdoor advertising infrastructure around the world (40 cities and growing). This aids anti-advertising activists to show their work and disrupt current advertising practices.

2015-2016

NOAD Mobile AR app: Unauthorized Augmented Reality Gallery exhibitions using NYC advertising infrastructure to trigger digital art exhibitions. Participants include the ICP, Sebastião Salgado and Faile at Brooklyn Museum. New York, US and Berlin, DE.

2009-2011

Large Scale Organized Civil Disobedience: MaSAT- 106 Bus shelter and Lollipop advertising takeovers using submitted texts. Madrid, ES. ToSAT- Civil disobedience resulting in 86 Patisson Lollipop advertising takeovers in Toronto, CA. NYSAT- by the Municipal Landscape Control Committee: Whitewashing of all NPA City outdoor advertising locations.

2009-2010

Underbelly Projects: Co-Curator/producer. Massive art gallery illegally produced in abandoned MTA subway station over two years (without permission).
